

Partnering to Improve Lives

The Wisconsin Association of Family & Children's Agencies is the united voice of leaders in the behavioral health and human services sector, serving more than 200,000 individuals and families throughout Wisconsin.

Our network of non-profit and for profit providers deliver a wide array of services – from prevention to residential – for individuals, children, and families across Wisconsin.

We support our members and enhance the quality of behavioral health and child & family services, through workforce training, networking, and advocacy.

We promote public policy, best practice, and partnerships that enable our member agencies to pursue their missions and improve the lives of those they serve, while investing in our human-serving workforce and the communities we call home.

We Help You...

Stay Informed & Advocate for Human Services

Keeping track of legislation and public policy can be time-consuming – WAFCA helps you focus in on what matters.

- Our members receive regular updates on state and federal policy that matters most to them and the people they serve.
- We maintain strong relationships with legislators, state agency leaders, and key collaborators across our state, counties, schools, and communities to amplify our members' voices and advocate for high quality, equitable, and accessible continuums of care.
- Our team provides individualized attention and technical assistance on government relations, organizational, and program development.

Grow Professionally & Develop Your Workforce

Professional growth opportunities are an invaluable investment in your biggest asset: your agency team.

- WAFCA member agency employees benefit from more than 50 hours of free live online, in-person, and on-demand Continuing Education.
- E-newsletters tailored to the behavioral health and human services sector are sent out regularly and are full of current policy, research, practice, and funding opportunities.

Build Connections & Expand Your Network

You're passionate about serving others, and so are we.

- Networking enhances our work, improves practice, and inspires us! WAFCA members connect through annual events, regular affinity group connections, monthly discussions, and professional development.
- We are stronger together. Our inclusive network reenergizes you with passion and purpose through community, support, and connection.
- Our members form a network of colleagues eager to collaborate.
