Fun Fact

Collectively, we have 60+ years in the social work field in areas like child protection, non-profits and higher education.

W2R Focus

In short, we are a media literacy agency that provides psycho educational opportunities to adolescents, foster parents, and social work professionals across the country.

How do we achieve our focus?

By incorporating our knowledge of human behavior and the need for attachment to assist in helping individuals achieve a healthy balance between fantasy and reality as it relates to social media.

Legislative Successes

→ SB 962/PA15-94: Mandates education on safe social media use and computer programming in public schools in CT.

→ SB 949/PA17-67: Created a mandate for an advisory council to be assembled related to digital citizenship.
